

THE KONNECT PACKAGES: STANDARD INFORMATION SHEET

Updated: 02/11/2020

The konnect Packages	konnect Easy	konnect Zen	konnect Max
Package Description	The konnect Satellite Internet Packages allow access to fixed satellite internet services via the EUTELSAT KONNECT satellite network. This Service is provided exclusively to your installation address.		
Eligibility conditions	The availability of the konnect satellite internet Packages in the United Kingdom and Northern Ireland is subject to coverage verification. The subscription to konnect satellite internet is reserved for major persons. These Packages are for home use only.		
Conditions of access to the Service	<p>To benefit from one of the konnect Satellite Internet Packages, it is essential to be provided with, to install and to activate a satellite kit compatible with the EUTELSAT KONNECT satellite (7.2° East). This kit (called the "Konnect Equipment") is made available by Eutelsat S.A. in the context of a subscription to one of the konnect Satellite Internet Packages.</p> <p>Regarding the accessibility of the Service, it is also necessary to take into account:</p> <ul style="list-style-type: none"> - Possible geographic obstacles to the reception of the EUTELSAT KONNECT satellite network, - Possible legal obstacles to the installation of the equipment necessary to receive the EUTELSAT KONNECT satellite network. 		
Monthly Package price (excluding offers)	konnect Easy £29.99/Inc. VAT/month	konnect Zen £44.99/Inc. VAT/month	konnect Max £69.99/Inc. VAT/month
Offers	In case of an applicable offer We invite You to refer to the " konnect Price Guide "

Characteristics of Satellite internet	<p>The monthly volume of data for each Package is unlimited.</p> <p>However, each Package contains a volume of "priority" data. If You exceed this limit it may impact on upload/download speeds, in particular depending on the load and conditions for the EUTELSAT KONNECT satellite network during use by the Subscriber, the maximum speeds shown for the Packages not being guaranteed.</p>			
	konnect Easy 20GB Priority data	konnect Zen 60GB Priority data	konnect Max 120GB Priority data	
	<p>Additional information</p> <p>The volume of data consumed between 01:00am and 06:00am local time is not counted and is not deducted from the volume of priority data.</p> <p>The volume of priority data not consumed within one (1) month is not carried over to the following month.</p> <p>To view Your consumption, login to Your "My konnect" Customer Space.</p>			
Average speeds for download/upload	<p>The Konnect Equipment allows you to exchange data over the Internet by enjoying average data speeds of:</p>			
	konnect Easy average 22Mbps download	konnect Zen average 37Mbps download	konnect Max average 75Mbps download	

It's that simple.

	and average 3Mbps upload		
	The speeds stated constitute average theoretical speeds depending on various factors, in particular Your use, Your location, a compliant installation, the absence of exterior influence (e.g. obstacles), use of the network by other Users, simultaneous connection to Your Services, the background tasks using Your connection, the configuration of Your computer, Your network or Your home, application used, etc. and may be reviewed regularly by Eutelsat S.A..		
Limitations linked to video	Applications using video streams, such as streaming online or video on demand (VOD) are subject to a limitation applied by Eutelsat S.A., which limits the quality of the video being viewed by the Subscriber. This means there is a maximum quality that the Subscriber can achieve with their connect Package, without guarantee.		
	Maximum video viewing quality:		
	Standard definition (480p)	HD Ready definition (720p)	Full HD definition (1080p)
Other uses	<p>For information:</p> <ul style="list-style-type: none"> ▪ Downloading very large files consumes large amounts of data. We recommend you moderate your usage or take advantage of the fact that data use is not counted between 01:00am and 06:00am local time to enjoy the most of Your Services. ▪ The characteristics of the satellite internet connection are not suitable for uses requiring a rapid response time (e.g. Online gaming, etc.) or high-risk activities. ▪ Some sites that are slow or highly secured (including certain VPN) can be difficult to access in particular as a result of Your browser settings. ▪ Some Websites are not accessible outside their country of origin.
